Willfully or intentionally refused to pay rent when due? Yes No If yes when? _____

Disclosures

Radon Gas- Notice to Prospective Tenant: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in this state. Additional information regarding radon and radon testing may be obtained from your county public health unit.

Lead Paint- Every purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real estate is required to provide the buyer of any known lead-based paint hazards from risk assessments prior to purchase.

I(We) hereby grant permission to the owner or agent of Euro Rentals to verify the validity of all the above statements to be true and correct. I understand that this application does not constitute any oral and/or written commitments on the part of the owner/agent.
